PROCEEDINGS: Continued Answering re Petition for Action on Conditions of Pretrial Release (Video)

- Defendant appeared by video conference at the Federal Public Defenders Office.
- Defendant admits to all the latest violation in the supplemental declaration and clarifies that he is not sure of the exact date off his use.
- Probation officer Duenas requested that further restrictive conditions be imposed on the defendant, to include location monitoring, and his detention pending the installation of a GTA landline. Defense counsel objected, noting that there is immense amount of discovery to review with Defendant.
- Court modified defendant's release conditions to require that he be on home detention until location monitoring equipment is installed.
